25X1	On 12 May, 1 boxcar occurred by 2 officers and 5 EM wearing red-bordered black epaulets; and 2 flatcars carrying SP guns which had
25X1A	been loaded in Oranienburg, left for Eberswalde at 3:15 a.m. 4
	Comment. The entraining of units of the unidentified AAA regiment
25X1A	of the LXXIX litz Rifle Corps in Eurg on 5 May was previously reported.  The shipment may have gone to Wustrow via
25X1A	Genthin instead of the usual route via Magdeburg.
	Comment. It is possible that artillery units of the 9th Gds Tank Div from Neustrelitz were transferred to Altengrabow as, according to reports on transportation, another shipment went from Neustrelitz to
.25X1A	Altengrabow on 10 May.
25X1 25X1 25X1B	Comment. The two trains probably carried units of the 31st AAA  Div to Neustrelitz and/or Fuerstenberg. According to reports on  transportation, a train went from Velter to Neustrelitz  on 10 May, which is believed to be identical with the  train on 10 May mentioned in paragraph 2.
